PROFESSIONAL SUMMARY

Entry-level SOC Analyst with hands-on practice in security monitoring, alert triage, phishing analysis, and incident response fundamentals. Strong understanding of SOC workflows, SIEM concepts, log analysis, and network security. Actively learning threat detection and incident handling. Seeking SOC Intern / Junior SOC Analyst opportunities.

EDUCATION

Master of Computer Application (M.C.A.) Amity University Noida, Uttar Pradesh 201313	Pursuing Jan 2025 – Dec 2026
Bachelor of Computer Application (B.C.A.) Bhabha University Bhopal, Madhya Pradesh 462026	74.94% July 2020 – Apr 2023

SKILLS

Security & SOC Skills: SOC Operations, Incident Response, SIEM (Conceptual), Alert Monitoring, Log Analysis, Phishing Analysis, Malware Basics, MITRE ATT&CK (Basic), Cyber Kill Chain, Network Security, TCP/IP, DNS, Email Security, Incident Documentation, Cross-Site Scripting (XSS), Cisco Packet Tracer

Programming & Web Development: Python, JavaScript, MERN Stack (Basic understanding, AI-assisted development)

Security Tools & Platforms: Splunk, Wireshark (Basic Packet Analysis), Virus Total (Threat & File Analysis), Cisco Packet Tracer

Soft Skills: Analytical thinking, problem-solving, attention to detail, adaptability, teamwork, communication

INTERNSHIP EXPERIENCE

Cyber Security Intern  Jul 2025 – Jul 2025 (1 Month)

NIIT Foundation · Full-time · Remote

- Completed foundational training in **cybersecurity concepts and SOC fundamentals** through live instructor-led sessions.
- Gained hands-on exposure to **network security and threat scenarios** using **Cisco Packet Tracer**
- Successfully completed Cisco Networking Academy courses and cleared final assessments
- Applied cybersecurity concepts in a **practical network simulation project**

PROJECTS

SIEM Log Analysis & Alert Triage Project

- Ingested and analysed security logs using **Splunk** to detect suspicious authentication and network activities
- Created alerts for multiple failed logins attempts and abnormal behaviour
- Performed alert triage by classifying alerts as true or false positives and assigning severity levels
- Documented investigation findings following SOC workflows and best practices

Phishing Email Analysis & Incident Investigation

- Analysed phishing emails to identify malicious headers, URLs, and social engineering techniques
- Extracted and validated Indicators of Compromise (IOCs) using **Virus Total** and OSINT tools
- Assessed risk severity and provided mitigation recommendations

CERTIFICATIONS & ACHIEVEMENTS

Cybersecurity & SOC

- Junior Cybersecurity Analyst Career Path** — Cisco Networking Academy
- Introduction to Cybersecurity** — Cisco Networking Academy
- Cybersecurity Essentials** — Cisco Networking Academy
- Foundations of Cybersecurity** — Google Career Certificates
- Completed 9 months of Training in **Business Intelligence Analytics (B.I.A.) Certification** from – DDU-GKY, JSMIES, Bhopal (Jun 2023 – Jul 2024) which includes hands on experience of MongoDB, MySQL, and Python, Power BI, MS Office tools, HTML, CSS, JavaScript, the MERN stack.
